

CURRICULUM VITAE

PERSONAL DETAILS

SURNAME/FIRSTNAME: BAUERNFEIND Ariane
ADDRESS: C/ Esparto 1
18140 La Zubia (Granada)
Spain
TELEPHONE: (+34) 722 177 331
E-MAIL: arianeb@gmx.at
NATIONALITY: Austrian
DATE OF BIRTH: 31.05.1967
PLACE OF BIRTH: Vienna-Austria
CIVIL STATUS: Married

PROFESSION

- Master in Public Health and Health Service Management (Escuela Andaluza de Salud Pública, Granada, 10/05-09/06, 1200 credits)
- Specialisation in Intensive care and dialyses (General Hospital Vienna, 9/90-12/91, 2000 hours)
- State registered nurse for children (Children Hospital Glanzing, Vienna, 10/84-9/87, Date of diploma, 9/87)

ADDITIONAL EDUCATION/COURSES

- PSP (Population in Precarious Situations) course, MSF/Epicentre, Lacanau, 9/98
- International Project Co-ordination course, MSF, Nairobi, 8/97
- ISPPD (International Short Preparation Primary Departure) course, MSF, Barcelona, 6/96
- HELP (Health Emergencies in Large Populations) course, ICRC/WHO, Geneva, 7/95
- Red Cross Delegate training course, Austrian Red Cross, Vienna 10/94

BRIEF BIOGRAPHY

Seventeen years of experience in management of large-scale humanitarian aid operations in some of the most complex humanitarian crisis of the last decade (Rwanda, DR Congo, Afghanistan, Pakistan) • Experience in design, development and execution of strategic plans and project implementation • Skilled in managing committed individuals with a wide range of cultural and social background • Excellent negotiation, mediation and diplomatic skills, able to lead/ take part in debates, whilst encouraging an environment where others can contribute • Strong representation and negotiation skills with high-level political and humanitarian actors • Experienced manager in crisis and insecure environments, chronic emergencies and health system building • Strong experience in needs assessment, monitoring and evaluation, and impact measurement • High standard of reporting, monitoring and evaluation, proposal and budget writing • Good experience in design and delivery of training modules • High commitment to accountability and respect for others • Good experience in design and delivery of training modules .

WORK EXPERIENCE

1. OTHERS

- **03/19–11/20 Professor, EASP (Andalusia School of Public Health):**
 - Coordination (from organizational design to execution) of the **Humanitarian Assistance Course** commissioned by the Andalusian Agency for International Development Cooperation (AACID)
 - **Tuition** in Module 1 of master's degree in Public Health and Health Management and European Master in Public Health (teaching and evaluator master's degree work tribunal)
 - **JAHEE (Joint Action Health Equity Europe):** Collaboration in the Work Package 8 "Improving access to Health Care and related Social Services": analysing the country assessment for Spain, compiling country assessment outcomes of all WP8 members and presentation during General Assembly.
 - Coordination of the course "**Humanitarian Development NEXUS**" by contract obtained by tender from the NGO Alianza por Solidaridad (a virtual course aimed at 6 NGOs).
 - **WHO collaboration centre (CCOMS):** Platform of Integrated People-Centred Health Services (IPCHS): Review of the content of the periodic newsletter, reflection on dissemination strategies, selection and publication of publications/events/toolkits, redesign of the community checklist.
 - **Association of Schools of Public Health in the European Region (ASPHER):** ASPHER survey "The role of Public Health Schools in the COVID-19 response and beyond": coordination (organizational design, data base development, execution, data analyses and report writing)
 - **International resource platform for COVID-19** commissioned by the Andalusian Agency for International Development Cooperation (AACID): a platform designed to support knowledge to humanitarian aid workers, development cooperation workers and governments: co-designing platform, and review of publications on Sub-Saharan Africa

- **10/18–12/18 External Consultant, EASP (Andalusian School of Public Health) for JAHEE (Joint Action Health Equity Europe):** The general objective of JAHEE, is to contribute to achieve greater equity in health outcomes across all groups in society in all participating countries and in Europe at large and to reduce the inter-country heterogeneity in tackling health inequalities, by a focus on socio-economic determinants of health and lifestyle related health inequalities
 - Collaborating in the Work Package 8 "Improving access to Health Care and related Social Services" through: Literacy Review, identification and documentation of best practices for reducing inequities in access to health services, elaboration of the Policy Framework for Action and Country Assessment

2. HUMANITARIAN AID

- **03/13-05/13: Synthesis of MSF cholera interventions**
- **12/2010-08/2012: South Africa, Head of Mission (country coordinator), MSFOCB**
 - Defined operational policies and strategies for MSF in South Africa and Lesotho
 - Managed more than 200 national employees and 40 international volunteers with an annual budget of 8 million EURO
 - Directed effective implementation of numerous innovative medical projects in five locations (Musina, Johannesburg, Cape Town, Eshowe, Roma-Lesotho)

- Coordinated internal and external reporting and fund raising
- Developed and implemented effective policy analysis and advocacy
- Led communications strategy
- Represented MSF to senior governmental and non-governmental actors
- Oversaw all policy and management aspects of the mission (health, research, human resources, logistics, finance, security)
- *Innovative pilot projects included:*
 - Adherence Club model focusing on patient participation and peer support, for improved treatment adherence. Patient groups to collect pre-packed, two-month supplies of treatment from lay health workers either at the clinic or outside of the clinic community.
 - Cross border continuation of HIV/AIDS care for migrants and refugees: provision of health passports, tail protection, two month supply, road maps of ARV sites across the border...
 - Provision of extended primary care package (including HIV/TB testing & treatment) for seasonal farm workers and migrants at scattered farm locations.
 - MDR TB treatment at community level with a patient centred approach
 - XDR treatment at community based inpatient facility
 - “Bending the curve”-feasibility of treatment for prevention: high scale voluntary HIV testing (including self testing), increased CD4 cut off points, community ARV clubs, use of portable CD4 machines, new TB molecular testing, option B+....
 - Closer to home: providing ARV care in the community
 - Integrating ARV therapy with other health services
 - Mentoring programmes
 - ARV/TB treatment management to prevent stock outs at health facility and central level
 - Emergency preparedness and response to violence and disease outbreaks
 - Involving civil society and activist groups
- **12/08-12/10: Brussels**, MSF Head Quarter, Operational coordinator, Cell 6, MSFOCB
 - *Countries covered over the period:* Malawi, South Africa, Lesotho, Zimbabwe with a portfolio of HIV/AIDS/PMTCT, TB/MDRTB, reproductive health, migration, xenophobic and urban violence, epidemics (cholera, measles, typhoid fever)
 - *Description of tasks:*
 - Coordinated and managed a multidisciplinary team (Finance, Logistic, Human resources, Supply, Advocacy, Communication) that is focused on the delivery of humanitarian projects focusing on medical care.
 - Managed more than 200 national employees and 40 international volunteers with an annual budget of 8 million EURO
 - Was overall responsible for all decisions relating to the functioning of the cell and missions from a field, HQ and external actor perspective.
 - Developed a humanitarian and medical vision for the respective missions & projects.

- Analysed context and security of countries and regions under my responsibility.
 - Provided analytic feedback and contextual mirror-effect, answered the medical and technical questions from the field and, where needed, referred to experts for technical questions and medical/patient/contextual questions.
 - Was overall responsible for budget and financial accountability as well as for donor reporting
 - Defined with mission lobbying and advocacy strategies.
 - Proposed and developed operational research domains.
- **8/06-12/08: Brussels**, MSF Head Quarter, *Medical Polyvalent (Health Advisor) Cell 6*, MSFOCB
 - *Countries covered over the period:* Armenia, Belgium, Chechnya, Pakistan, Malawi, South Africa, Lesotho with a broad portfolio: migration, reproductive health, primary health care, emergency room, hospital, HIV/AIDS, TB/MDR TB, mental health, violence, SGBV, floods, earthquake and epidemics (cholera).
 - *Description of tasks:*
 - Ensured the medical pertinence, adequacy, and quality of the projects.
 - Matching up the medical & political vision with the operational reality in the field (adaptability, feasibility)
 - Providing rules of conduct and preserving the medical dimension: medical relevancy of projects; counterbalance the humanitarian drive in OPS.
 - The role of the Polyvalent Medical Officer is, to that extent, **co-decisional** with the Operations Coordinator: (s)he is responsible for making operational decisions congruent with the medical identity & the medical policies.
 - Defining objectives and medical strategies in all the projects.
 - Relay requests & suggestions in general to the MED dept.
 - Data analysis & monitoring and evaluation of programs.
 - Provide analytic feedback , answering the medical and technical questions from the field
 - **4/01-04/05: Barcelona**, MSF Head Quarter, *Medical responsible of the Emergency Unit*, MSFE:
 - *Description of tasks:*
 - Design, implementation, follow up and evaluation of the projects falling under the emergency desk (including framework, budgeting, orders, reports, etc.)
 - Justifying the medical relevance/appropriateness of the projects.
 - Implementation of data collection systems and their analyses.
 - Technical coaching and training.
 - Management of the medical emergency stock.
 - Development of medical protocols and guidelines.
 - Substitution of emergency desk responsible in his/her absence.
 - Participating in international working groups (Cholera, Meningitis) and meetings.
 - *Interventions covered during this period:*
 - **DRC**, conflict: opening and running mission during 3 ½ years: Hospitals, Maternities, ANC, TFCs, SFCs, Dispensaries, Cholera outbreaks, Measles vaccination campaigns, Nutritional surveys, Volcano eruption, Malaria studies, explo missions.
 - **Afghanistan**, conflict: opening and running mission during 1½ years: Hospital, ANC, Dispensaries, Measles vaccination, explo missions.
 - **Angola**, nutritional crisis: TFCs, SFCs, Dispensaries, explo missions.

- **CAR**, putsch: mobile teams, war surgery, support to dispensaries and hospitals, measles vaccination, explo missions.
 - **CAR**, Meningitis: surveillance, vaccination campaign.
 - **Iran**, earth quake: explo mission.
 - **Irak**, armed conflict: relief supply, preparedness for CBW
 - **Ethiopia**, Meningitis: surveillance, vaccination campaign.
 - **Guinea Bissau**, Measles: Surveillance, vaccination campaign.
 - **Zambia**, Cholera: CTCs, CTUs, Surveillance system, bucket chlorination.
 - **Sudan, conflict**: opening mission and running: Hospitals, Maternity, ANC, mobile Teams, TFCs, SFCs, Home based care, explo missions.
 - **Other countries**: temporary technical support to other desks during epidemics, natural disasters and conflicts.
- **11/00-3/01: Austria**, *Active recruitment manager*, organising and conducting information evening, presentation, giving lectures, MSFA.
 - **6/00-10/00: Sierra Leone**, Conflict, *Medical Co-ordinator*, surgery for war victims and destitute, paediatric ward, TFCs, Dispensaries, Shigellosis, Cholera and Typhoid Fever outbreak, Yellow fever mass vaccination campaign (25.000 beneficiaries), team of 13 expatriates, MSFF.
 - **4/00-5/00: Mozambique**, Floods, *Medical Co-ordinator*, cholera outbreak response, TFCs, OPDs, rapid nutritional assessments, team of 40 expatriates, MSFCH.
 - **1/00-3/00: Austria**, *Active recruitment manager*, organising and conducting information evening, presentation, giving lectures, MSFA.
 - **11/99-12/99: India**, Cyclone Orissa, *Head of Mission*, relief supply, mobile teams, surveillance, team of 7 expatriates, MSFE.
 - **2/99-3/99: Mozambique**, Cholera, *Medical Technical Consultant*, MSFCH.
 - **11/98-10/99: Austria**, *Human recourse manager*, recruiting candidates, matching field posts, holding intake interviews, briefing, de-briefings, conducting information evenings and events, MSFA
 - **7/98: MSF International Evaluation of the cholera interventions** of the huge outbreaks 1997/98, covering Tanzania, Mozambique, Uganda and Kenya, analyzing Tanzania y Kenya looking into outcome indicators, timeliness of the intervention, costs and lessons learned.
 - **1/97-5/98: Tanzania**, Cholera, MSFE:
 - *Project Co-ordinator*, Dar es Salaam, starting up of a program on surveillance with MoH and drilling boreholes (3 months).
 - *ET Co-ordinator* during the cholera outbreak in Mtwara, Lindi, Dar es Salaam and Zanzibar with a team of 11 expatriates (2 months).
 - *Cholera Co-ordinator*, Dar es Salaam, Combating cholera in close co-operation with WHO/MoH and City Council, CTUs, CTCs, Surveillance, Case management training, etc. (3 months). Mtwara rural, combating cholera with the District Health Management Team, CTUs, Surveillance, Training, Chlorination, etc. (4 months).
 - *Field Nurse*, Kigoma refugee camps, in charge of CTC, Health education (3 months).
 - **6/96-12/96: Kenya**, Mandera, Feeding Centre *field nurse*, MSFE, responsible for SFCs (wet and dry), mobile teams and food distribution in central Mandera.

- **12/94-3/95: Rwanda**, IDP-camp Kibeho, *field nurse* with CARITAS Austria, surgery, obstetric and pharmacy.
- **7/88: Egypt**, Participating in a Child Health project by the World Association of Girl Guides and Girl Scouts and UNICEF.
- **9/87-12-87: India**, Calcutta, working as a *volunteer* for Mother Theresa in the house of dying people and Dr. Jack Preger with street people.

3. HOSPITAL

- 11/89-6/96: Staff nurse, Paediatric Intensive Care Unit, General Hospital Vienna
- 9/88-10/89: Staff nurse, Intensive Care Unit for Heart Diseases and Heart Transplantation, General Hospital Vienna.
- 1/88-9/88: Staff nurse, Children Ward, General Hospital Vienna.

Academic education

Specialist in Public Health and Preventive Medicine. 2002.

Master in Public Health. Miguel Hernández University. Alicante (Spain). 1999.

Doctor in Medicine. 1990.

Licensed in Medicine and Surgery. Cádiz University (Spain). 1982.

SUMMARY OF THE CURRICULUM

Doctor in medicine. Specialist in Preventive Medicine and Public Health and Master in Public Health and Health Management. Director of Research and Director of Teaching at the Andalusian School of Public Health of Granada. Executive Committee of the Network of Centers of Epidemiology and Public Health 2003-2006. Thematic Networks Evaluation Commission ISCIII (Carlos III Health Institute). 2005-2006. ISCIII and ANEP project evaluator. Scientific Coordinator Thematic Network of Research in Health and Gender and Coordinator of the CIBER group of Epidemiology and Health Post. Coordinator IbS-Granada B-23 Health and Gender.

-Areas of knowledge: Inequalities in health, Gender Violence and Methodology of epidemiological and qualitative research; vaccines.

-Publications and Projects:

- More than 30 articles published in Gender Violence, (most 1st Quartil). E.g. on the prevalence of GBV in all Spanish Autonomous Regions obtaining first epidemiological data on this problem; Validation instruments for the detection and screening of violence; GV during pregnancy; Violence and Mental Health, etc.
- Addressing social inequalities in health (Diabetes, Fibromyalgia, HRT, etc).

The line of Evaluation of the effectiveness of Interventions to reduce inequalities in Health (Diabetes, Cancer, Mental Health, Cardiovascular and HIV) began in 2010 with public funding and has resulted in more than 10 publications with IF and several more sent and / or in preparation. In this line, the methodology followed has been the RSL and / or Meta analysis that accredits the theoretical and practical knowledge in this methodology.
